I worked for Brian and Traca from clutch doctors. She was awesome while Brian verbally abused her and I at work. She was a new mom and she just found out she was pregnant with her second son. She was afraid Brian would flip out because they had no money and Brian was overspending thier finances. I quit knowing she is an awesome mom and person. I quit because of Brian, but I also felt sad for her in her situation. I was heartbroken to know she passed 6 years ago from suicide. To her sons, she was awesome! Best mom ever to you. Take care both of you. Brian, I hope you know why she did what she did. Sad, just sad.

I am truly sorry for the loss of your dear loved one. Jehovah God knows the pain you are suffering and promises to comfort you at this time (2 1:3,4). He also promises we will see our loved ones again very soon (John 5:28,29). Death is our enemy and causes much pain my hope is these verses can help you to cope until you see her again!

Please accept my sincere condolences for your loss. Knowing the great pain of loosing a loved one God in his tender mercy has promised to be close to the brokenhearted and those who are crushed in spirit (Psalms 34:18). May he sustain you in his loving care as you cherish your precious memories of time well spent together.
