Shane Price Haydon

SEP 26, 1943 - JAN 14, 2016

S hane Price Haydon, Ph.D.

Shane Price Haydon, beloved husband, father, grandfather, brother and friend passed away surrounded by his family on January 14, 2016. Throughout his 13-year battle with cancer, Shane showed incredible resolve, courage and grace, and in so doing he set an example for all who knew him. Shane was born September 26, 1943 in Missoula, Montana to Larrae and Margaret Haydon. He was raised in Oregon alongside his brother, Michael "Pat" Haydon. Shane was a 1962 graduate of Milwaukie High School where he met and later married the love of his life, Kathy. He went on to study at the University of Oregon and Lewis and Clark College, and was later accepted into the doctoral program at the University of Victoria, British Columbia where he earned a Ph.D. in clinical neuropsychology. Shane returned to practice psychology in the Willamette Valley, where his service has contributed to the lives of many.

Shane was an adventurer who loved to travel and explore. Shane had a gift for making friends of strangers, and was genuinely interested in the lives and stories of others. Wherever they went his family enjoyed how there would always be someone who knew Shane and had a fond story about him. He loved spending time with family and friends, camping and boating at Pine Hollow, Sunriver, Diamond Lake and other areas of Oregon. He was always busy with projects at home and was the first in line to help others. Shane loved all sports and spent many years coaching softball and umpiring baseball. Shane tremendously enjoyed attending and supporting his grandchildren's sporting events and activities often traveling long distances over the course of one day to see as many as possible.

Shane began his career as a staff psychologist for the State of Oregon. He went on to have a successful private practice as a neuropsychologist. During that time, he was also a consulting psychologist to addiction-related organizations and treatment centers. He taught psychology at several universities and colleges. He joined Hazeldon Springbook as the director of mental health services and went on to become the Regional Vice President in charge.

Great sadness and heartache was felt as we read that "Dr. Shane" had passed. Many, many years ago, when we first arrived in Salem, he took us under his wing and helped us sort out all the confusing troublesome decisions that needed to be made, in regards to the care and placement of our multiply handicapped daughter. He was comforting with a gentle sweet soothing manner. He will truly be missed, but I know for sure he is in heaven where Annie Marie is showing him around.

Haydon Family,I want to thank your husband, dad, and grandpa for the impact he had on my life. As a baseball coach in a small town my kids hear Coach Shane stories all the time. My memories of youth baseball significantly affected my life in a very positive way and Coach Shane made that happen. I also got to see him as a father and enjoyed the trips to the lake, camping trips and chaotic dinners at your house. Watching Mike explain why "Beater" was in a ditch time and time again to his dad was priceless. But my favorite memories was the torment that he brought to the baseball umpires. He knew their job better than they did and we took full advantage. I wish your family the best and are in my prayers. Coach Shane was one of the really good guys!! He did so much for so many! May he rest in peace!Errin Jewell
