So many memories flow through my mind as I remember our growing up together days. Donna was a great friend and we did so much together during our grade school days at Barclay. I loved that we were able to keep in touch by telephone after we both retired. She truly loved her family and friends so very much!!!! I will miss her voice and our chats. Love, Sis

Thank you so much Sis! My mother talked about you all the time. I am pretty sure after going through her belongings that she kept every letter and card you sent to her. Terri
