Amber had so much love! I actually have several of Amber that I love and we have told them in our home several times over the years. To name a few, love how Amber made me a necklace and several cards. I love when she would bear her testimony, then look right at me so I would give her a thumbs up, that she would return. I love how she would always tell me she would be praying for me and I would always answer, "good, I need all the help I can get." I love that she randomly started singing patriotic songs once after telling me she thought I did a good job on my talk and she wasn't mad at me. I love how she would always say hi and smile and wave. I love that when I would see her outside of church, she would light up and act excited. Amber reminded me so much of my sister, Geri. I love Amber and she will be missed!
